## **Designing and Development of Picture Story Book**

Greetings from SEWA!!

SEWA Manager Ni School (SMS), a wing of SEWA (Self Employed Women's Association) has requirement for designing Picture Stories to be used as interactive tool in trainings conducted for the grassroot members.

We have requirement of consultants who can design and develop these stories. The sample of picture story is enclosed herewith. Interested consultants are invited to revert back with their Resumes by 14/6/2014 on [mail@sewamanagernischool.org](mailto:mail@sewamanagernischool.org). You can also refer consultants to us who are involved in similar work.

With regards,

SEWA

## Lending Capacity and Financial Management

The meeting of a group starts.

President of the group asks three members to lift small stones

Members easily lift the stones

Now, the president asks three members to lift bigger stones.

The bigger stone cannot be lifted by one member alone.

Help of other members is needed

If members choose to start lending loan from their own saving rather than seeking a large amount from a bank on credit, this will increase their financial capacity and lending capacity.

The skill of financial management and decision power can be developed

**Preseving<sup>the</sup> savings<sup>and</sup>  
benefits of Interest**

Gangaben is going to Jamnaben's house to borrow her Pot.

Jamnaben is giving Pot.

After few days.....  
Gangaben is going to return the Pot.

Gangaben is giving back the Pot.

Gangaben is looking in to the Pot.

And she gets the sweet the way one gets interest from the bank.

**Preseving<sup>the</sup> savings<sup>and</sup>  
benefits of Interest**

Your saving is completely the result of your hard work, it should not to go in vain- keep that in your mind. To preserve your invaluable wealth properly keep it in a bank and take the bennefit of bank interest.
